Motivated and detail-oriented Junior Full Stack Developer with hands-on experience building responsive and user-friendly web applications using HTML5, CSS3, Tailwind CSS, JavaScript, React.js, Node.js, Express.js, and MongoDB. Passionate about developing scalable digital solutions, writing clean code, and creating exceptional user experiences.

Currently strengthening software engineering expertise through continuous learning, personal projects, and practical application of modern web technologies. Brings over six years of professional experience in customer service, problem-solving, communication, and operational excellence from the banking industry.

Eager to contribute technical skills, adaptability, and a strong work ethic in internship, freelance, junior developer, or entry-level software engineering opportunities while delivering high-quality solutions and growing within a collaborative development environment.

TECHNICAL SKILLS

Frontend Development

- ❖ HTML5
- ❖ CSS3
- ❖ Tailwind CSS
- ❖ JavaScript (ES6+)
- ❖ React.js
- ❖ Responsive Web Design

Backend Development

- ❖ Node.js
- ❖ Express.js
- ❖ Rest API Development

Database

- ❖ MongoDB
- ❖ Database Fundamentals

Tools & Technologies

- ❖ Git
- ❖ Github
- ❖ VS Code
- ❖ Postman
- ❖ npm
- ❖ Microsoft Excel

Development Concepts

- ❖ CRUD Operations
- ❖ API integration
- ❖ Authentication & Authorization
- ❖ Component-Based Architecture
- ❖ Responsive Design
- ❖ Version Control

PROJECTS

Personal Portfolio Website

HTML5 | Tailwind CSS | JavaScript

- ❖ Designed and developed a modern portfolio website showcasing technical skills and projects.
- ❖ Implemented responsive design principles to ensure optimal performance across devices.
- ❖ Applied clean UI/UX practices and component-based architecture.
- ❖ Created smooth navigation and interactive user interfaces to enhance engagement and overall user experience.

- ❖ Leveraged modern frontend development practices to deliver a fast, accessible, and visually appealing web experience.
- ❖ Integrated project showcases, contact functionality, and professional branding to establish a strong online presence.

MPay - Fintech Web

React / Tailwind CSS / JavaScript / Node / MongoDB

- ❖ Implemented smooth animations and interactive user experiences to enhance engagement and improve navigation throughout the application.
- ❖ Integrated frontend and backend services to manage user interactions and data flow.
- ❖ Focused on clean architecture, accessibility, performance optimization, and modern UI/UX design principles.
- ❖ Developed reusable React components to improve scalability, maintainability, and development efficiency.
